- a/ Type of service offered: 1 - physicians'; 2 - surgeons'; 3 - hospital; 4 - drug; 5 - dental.
- b/ One medical care unit in each of the states, North Carolina, Georgia, Mississippi and Texas and one dental care unit in Michigan and four in Georgia have not yet reported membership totals. The membership totals are therefore to this extent incomplete.
- c/ For units shown under the various state headings to have reported physicians' charges. These units total 438 and cover 594 counties in 33 states with a membership of 63,818 families, 335,104 persons or 83 percent of the total reported membership in units offering physicians' service on a fee-for-service basis. In Region III several units pay not more than 50 percent on physicians' charges at the end of each month delaying further payment until the end of the year. Such units have been left out of account in estimating Percent paid on physicians' charges.
- d/ This figure represents the amount paid rather than the approved charges for units paying for service on the basis of the number of families for which the physician, hospital, druggist or dentist has accepted responsibility for professional service. Percentage payment shown for these units represents the ratio which payments made bear to estimates of charges for reported services at usual rates.
- e/ For units shown under the various state headings to have reported expenditures for hospital services. There were 270 reporting units in 341 counties which included hospitalization among the services offered on a fee-for-service basis. These units had a membership of 43,934 families, 233,282 persons. Their approved charges for physicians' and hospital services totaled \$92,128.70. The charges for hospital service, \$14,192.63, were 15.6 percent of this total.
- f/ These figures represent the approved charges, percent paid, and number of persons served for the indicated dental units. The total of \$3872.92 represents approved charges for 62 dental care units reporting for October. This total does not include the dental service of units offering dental service along with physicians' service.
- g/ Figures showing membership taken from reports for months other than October.

Medical care units newly reported since June:

Region I

New York: Jefferson and Lewis counties, a joint unit and Washington county.
Pennsylvania: Crawford county.

Region III

Illinois: Bond, Fayette, McDonough, Monroe and Randolph counties, the last-mentioned two counties forming one unit.
Indiana: Franklin and Harrison counties.
Iowa: Marion county resumed service after suspending activities in May.
Missouri: Benton, Cape Girardeau, Franklin, Gasconade, Johnson, Lewis, Macon, Marion, Monroe, Newton, Osage, Pike, Perry, Scott and Vernon counties.
Ohio: Ashland, Brown, Butler, Carroll, Defiance, Greene, Guernsey, Highland, Lawrence, Medina, Monroe, Muskingum, Sandusky, Tuscarawas, Jackson and Vinton counties, the last-mentioned two counties forming

a joint unit.

Region IV:

North Carolina: Alamance, Granville, Henderson, Hertford, Jackson and Transylvania counties.

Tennessee: Hickman county has separated from a three county unit and now operates as an individual unit.

Virginia: Botetourt and Russell counties as individual units; Buckingham and Cumberland counties as a joint unit; Charles City, James City, New Kent, Warwick and York counties as a second joint unit; and Mathews, Gloucester, King and Queen, King William, Essex and Middlesex counties as a third joint unit.

Region VII

Kansas: Osage county

Nebraska: Dawes county and the northern half of Sioux county as separate units; Hitchcock and Hayes counties as a joint unit; and Cheyenne, Deuel and Kimball counties as a second joint unit.

Region VIII

Oklahoma: Atoka county.

Texas: Grayson county

Region IX

Utah: Juab, Utah and Wasatch counties, the last mentioned two counties forming a joint unit.

Region X

Montana: Chouteau county, a single county unit and the following joint units: Hill and Liberty counties; Park and Sweet Grass counties; Pondera, Toole and Glacier counties; Carter, Custer-Prairie, Rosebud-Treasure, Fallon, Powder River, Richland, McCone, Dawson-Wibaux, and Garfield counties; and Big Horn, Carbon, Stillwater and Yellowstone counties.

Region XI

Idaho: Franklin county

Washington: Benton and Franklin counties, a joint unit.

Region XII

Kansas: Gove and Logan counties and Sheridan and Thomas counties, formerly a four county unit, have formed two two-county units.

Texas: Part of Union county, New Mexico, is participating in a unit already in operation in Texas.

Dental care units newly reported since June:

Region II

Michigan: Eaton county.

Region III

Missouri: Carroll and Worth counties.

Region V

Alabama: Lamar, Lauderdale, Dallas and Marion counties.

Georgia: Mitchell county.

Region VI

Mississippi: Warren county.

Medical care units reported discontinued since June:

Region IV

Tennessee: Hardeman county.

Region V

Alabama: Butler county.

South Carolina: Colleton county.

Region VIII

Texas: Cooke and Morris counties.

Region X

Colorado: Weld county temporarily suspended service.

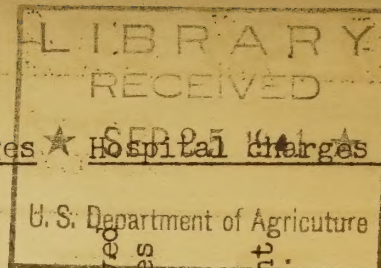

Region XII

New Mexico: Quay and Harding counties, a joint unit.

a/ Type of service offered: 1 - physicians'; 2 - surgeons'; 3 - hospital; 4 - drug; 5 - dental.

b/ Two dental care units in Alabama have not reported membership totals. The totals shown are therefore to this extent incomplete.

c/ For units shown under the various state headings to have reported physicians' and surgeons' charges. These units total 482 and cover 602 counties in 33 states with a membership of 61,033 families, 322,431 persons, or 79 per cent of the total reported membership in units offering physicians' and surgeons' service on a fee-for-service basis. In Region III several units pay not more than 50 percent on physicians' and surgeons' charges at the end of each

quarter delaying further payment until the end of the year. Such units have been left out of account in estimating Percent paid on physicians' and surgeons' charges.

- d/ This figure represents the amount paid rather than the approved charges for units paying for service on the basis of the number of families for which the physician, hospital, or dentist has accepted responsibility for professional service.
- e/ For units shown under the various state headings to have reported expenditures for hospital service. There were 263 such units in 328 counties which included hospitalization among the services offered on a fee-for-service basis. These units had a membership of 40,822 families, 217,982 persons. Their approved charges for physicians'; surgeons' and hospital services totaled \$78,806.04. The charges for hospital services amounting to \$13,258.04 were 16.8 percent of this total.
- f/ These figures represent the approved charges, percent paid and number of persons served for the indicated dental care units. The total of \$2977.82 represents approved charges for 61 dental care units having a membership of 7898 families, 19,258 persons, which reported November services. This total does not include the charges for dental service of units offering this service along with physicians' service.
- g/ Figures showing membership taken from reports for months other than November.

Newly reported medical care units:

Region III -

Missouri: Greene, Iron and Linn counties.

Ohio: Fairfield and Richland counties.

Region VII -

Kansas: Rush county, one unit and Wabaunsee and Shawnee counties, a joint unit.

Region X -

Montana: Lake county.

Medical care units reported discontinued:

Region IV -

North Carolina - Cherokee and Clay counties, a joint unit.

Region VII -

Kansas: Trego county unit temporarily discontinued.

Report on activities of the
Farm Security Administration medical care program
through county, district and state units
based on reports of units for the month of December 1940

This report shows the addition of a new dental care unit in Wisconsin. This is the first unit to be set up in Wisconsin in connection with our medical care program and brings the total of states having group medical or dental care programs or both to thirty-five. In two of these states, Wisconsin and Michigan, only dental care programs are in operation.

The average percent paid on physicians' charges for December was 63.3 percent and on hospital charges, 76.2 percent. Among units offering both physicians', surgeons' and hospital services, it was found that of the total charges for such services, 15.5 percent were for hospitalization and 84.5 percent were for physicians' and surgeons' services.

There is a difference in the
way the two countries are treated
and the way the two countries are
treated is a result of the way
the two countries are treated.

[illegible]

The above information was obtained from the records of the
Federal Bureau of Investigation, Department of Justice, Washington,
D.C., and is being furnished to you for your information.
It is requested that you keep this information confidential and
not disseminate it outside your agency.

Sincerely,
Special Agent in Charge

M46R

- a/ Type of service offered: 1 - physicians'; 2 - surgeons'; 3 - hospital; 4 - drug; 5 - dental.
- b/ For units shown under the various state headings to have reported physicians' and surgeons' charges. These units total 479 and cover 602 counties in 33 states with a membership of 62,314 families, 329,846 persons or 80 percent of the total reported membership in units offering physicians' and surgeons' service on a fee-for-service basis. In Region III several units pay not more than 50 percent on physicians' and surgeons' charges at the end of each quarter, delaying further payment until the end of the year. Such units have been left out of account in estimating Percent paid on physicians' and surgeons' charges.
- c/ This figure represents the amount paid rather than the approved charges for units paying for service on the basis of the number of families for which the physician, hospital or dentist has accepted responsibility for professional care.
- d/ For units shown under the various state headings to have reported expenditures for hospital services. There are 273 such units in 343 counties which included hospitalization among the services offered on a fee-for-service basis. These units had a membership of 44,874 families, 243,965 persons.
- The figures shown in the column headed Ratio of hospital charges to physicians' and hospital charges represent the percentage of total charges for physicians', surgeons' and hospital services which have been made for hospital care by these units offering such service. The total charges for physicians' and surgeons' services in these units was \$79,336.11. This, with the \$14,610.59 hospital charges shown in the table, makes a total of \$93,946.70 of which the hospital charges are 15.5 percent.
- e/ These figures represent the approved charges, percent paid, and number of persons served for dental units shown under the various state headings to have submitted reports for December. There were 56 such units with a membership of 6610 families, 33569 persons. These totals do not include the dental service of units offering this service along with physicians' service.
- f/ Figures showing membership totals have been taken from reports for months other than November.

Newly reported medical care units:

Region III -

Missouri: Pemiscott County

Region IV -

North Carolina: Martin County

Tennessee: Claiborne County

Region X -

Montana: Flathead County

Newly reported dental care units:

Region II -

Michigan: Branch County

Wisconsin: Dane County

Region VI -

Arkansas: Baxter County

Medical care units reported discontinued:

Region VII -

Nebraska: Fillmore county temporarily discontinued

Dental care units reported discontinued:

Region V -

Alabama: Lamar and Lauderdale counties had been wrongly counted as having dental care units

Georgia: Coffee county discontinued

Laurens county had been wrongly counted as having a dental care unit.
